NOTE: Spreader settings are approximate. Differences may occur due to condition and age of spreader, speed at which applied and terrain of area treated. Calculate the size of the area to be treated and do not over or under apply. Close spreader when filling, stopping or turning. Do not hand spread. Calibrate spreader routinely to assure proper rates.

Caution

Fertilizers can be a skin or eye irritant.

Precautions should be taken to minimize skin contact and eliminate all contact with the eyes.

When handling bulk products, dust may be present and when in concentrations above 15 mg/ 3mg approved dust respirators should be used. Fertilizer dusts are considered nuisance-type dust. Inhaling nuisance-type dust may induce or aggravate respiratory ailments.

First Aid Suggestions

Skin Contact: Wash with soap and water.

Eye Contact: Immediately flood eyes with clean water for at least 15 minutes and repeat if necessary.

Warranty Statement

"Seller warrants this material conforms to its description and is reasonably fit for the purpose stated on the label when used in accordance with any directions provided, with proper equipment in good working order and under normal conditions of use. Buyer assumes the risk of any contrary use. Seller makes no other expressed or implied warranty of fitness for a particular purpose, and no agent or seller is authorized to do so except in writing with a specific reference to this warranty. In no event shall seller's liability for any breach of warranty exceed the purchase price of the material as to which a claim is made."
