Other Ingredients: 71.29% (Water, Xanthan Gum)
Liquid Fence® Co., Inc., Broadheadsville, PA

Net Contents: 2.5 Gal. (9.45 L)
Contenido neto: 2.5 galón (9.45 L)

KEEP OUT OF REACH OF CHILDREN
MANTÉNGASE FUERA DEL ALCANCE DE LOS NIÑOS

CAUTION: See side panel for precautionary statements.
PRECAUCIÓN: Vea el panel lateral para los avisos de precaución.

CAUTIONARY INFORMATION

This product may be harmful if swallowed.
Avoid contact with eyes. If contact with eyes
occurs, immediately flush with plenty of water.
Seek medical attention if either occurs.

INFORMACIÓN DE PRECAUCIÓN

Este producto puede ser dañino si es tragado. Evite
el contacto con los ojos. Si ocurre contacto con los
ojos, lávelos inmediatamente con abundante agua.
En cualquiera de los casos anteriores, busque
asistencia médica.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage
or disposal.

STORAGE: Store in original container, in a cool, dry
area inaccessible to children and pets. Protect from
heat and freezing. Store between 40° - 90°F. Keep
containers closed tightly to prevent evaporation. If
spillage occurs, dilute with water and flush away.

CONTAINER DISPOSAL:

Do not reuse empty container.
All containers should be triple rinsed, then offered for
recycling or reconditioning, or punctured and disposed
of in a sanitary land fill, or incinerated or if allowed
by state and local authorities, burned. If burned, stay
out of smoke.

ALMACENAMIENTO Y ELIMINACIÓN

No contamine agua, comida ni alimentos al almacenar
o eliminar el producto.

ALMACENAMIENTO: Almacénese en su envase original,
en un lugar fresco y seco e inaccesible para los niños y
las mascotas. Protéjalo del calor y del congelamiento.
Almacénelo entre 40° - 90°F. Mantenga los envases
bien cerrados para evitar su evaporación. Si ocurre un
derrame, dilúyalo con agua y lávelo para eliminarlo.

ELIMINACIÓN DEL ENVASE: No vuelva a usar envases
vacíos. Todos los envases deben de ser enjuagados
tres veces, y después ofrecidos para reciclaje o para su
recondicionamiento, o perforados y eliminados en un
relleno sanitario, o incinerados, o quemados si este es
permitido por las autoridades locales y estatales. Si
son quemados, permanezca alejado del humo.

DIRECTIONS FOR USE

For best results, **shake well**, add 8 oz. of
Liquid Fence® Concentrate for each gallon
of water and thoroughly mix. With
garden sprayer or sprinkler, apply
liberally to plants and their perimeter
during a dry period. Repeat process 1
week later and then approximately once
per month thereafter. Areas where
feeding pressure from deer and rabbits is
intense, spray Liquid Fence® once a week
for 3 weeks and then approximately once
per month thereafter. **THIS WILL "TRAIN"
THE ANIMALS TO AVOID YOUR YARD!**
Please note: when using Liquid Fence®
you will notice a strong odor, however
once it dries, the odor will not be notice-
able to humans, but still very noticeable
to animals.

INDICACIONES DE USO:

Para mejores resultados, **agítese bien**,
agregue 8 oz. de Liquid Fence® concen-
trado por cada galón de agua y mezcle
minuciosamente. Usando un rociador de
jardín o un regador, aplique abundante-
mente a plantas y sus alrededores
durante un período seco. Repita el
proceso 1 semana después y a partir de
entonces, aproximadamente una vez por
mes. En áreas donde los venados y los
conejos suelen comer mucha, rocíe Liquid
Fence® una vez a la semana durante tres
semanas y a partir de entonces, aproxi-
madamente una vez por mes. ESTO
"ENTRENARÁ" A LOS ANIMALES PARA NO
ACERCARSE A SU JARDÍN! Por favor tome
nota: Cuando use Liquid Fence® usted
notará un olor muy fuerte, sin embargo
cuando éste se seque, el olor no será
perceptible para humanos, pero sí muy
perceptible para los animales.

LIQUID FENCE®

Deer & Rabbit Repellent

Repelente para venados y conejos

Shake Well Agítese bien

I took up gardening when I retired to the Pocono Mts. of Pennsylvania in 1980. It took no time to see that my plants were being eaten by the native critters. I tried everything from homemade remedies to costly commercial products to try to stop the damage these animals were causing, but nothing worked. Having been a chemical engineer for over 60 years, I decided I was going to try to make my own repellent that would not only really work, but be safe for the environment. After years of experimenting, I finally did! When I shared it with my friends they told me it could be the savior of many frustrated gardeners and convinced me to market it. My wife, Rosemary said, "Clark, this works just like a liquid fence". The rest is history!

— Clark Kaskie, Inventor of Liquid Fence® Deer & Rabbit Repellent

COVERS APPROXIMATELY 80,000 SQ. FT. Cubre aproximadamente 80,000 pies cuadrados

SATISFACTION GUARANTEE

If, for any reason, you are not 100% satisfied,
